---

Create a Commedia dell'arte mask using objects from around the house, the stranger and more grotesque the better! Create a voice, pop on your mask and introduce your character to the world!

Find an empty shoebox and have a go at creating a model of your local theatre. Why not create St George's Theatre in Yarmouth, Marina Theatre in Lowestoft, or Theatre Royal in Norwich! Use the internet to gather some pictures of what they look like and build you own version!
