

Music summer challenges.

Have a go at as many Music summer challenges as you can.

Make Your Own Instruments from Recycled Materials

Using recycled materials you have around the house create and make a musical instrument.

For example you could make a guitar from elastic bands and a cardboard box or a drum kit from pots.

Once you have created your instruments try and create your own musical composition

.....

Choose an music album you love and re create the album cover with things you have at home. You may need to involve people in your household!

.....

Find something to use to conduct with safely, whilst listening to Beethovens' 5th Symphony in C minor, conduct the orchestra with as much energy as possible.

.....

Write a song all about coming up to Cliff Park Ormiston Academy, it could include things you are really excited about as well things your are nervous about.

.....

Using different items from around the house create your own junk percussion piece. Always ask first before you use something!

Check out louder than life's YouTube video to get some inspiration!
